

Product Information

Quick Test®

Detector Activation Spray
1914

Introduction

Quick Test® is a new, safer smoke detector testing spray. The non-flammable aerosol is safe on the ozone layer while eliminating the risk of fire. Quick Test® has a unique vertical actuator that when depressed, sprays a cloud of simulated smoke toward the detector setting off the alarm. The particles are similar in size and density to an actual fire insuring proper testing of photoelectric and ionization based detectors. Meets NFPA criteria; works on UL® recognized detectors.

Features / Benefits

- Non-Flammable
- Pocket-Sized Container
- Vertical Actuator
- Non-Ozone Depleting
- Safe on Plastics
- Effective at Distances up to 7 Feet

Chemical Components

1,1,1,2-tetrafluoroethane.....	(811-97-2)	92-99%
Isopropanol.....	(67-63-0)	1-5%
Dibutyl Phthalate.....	(87-74-2)	<3%

Environmental Policy

Techspray® is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.

Packaging and Availability

Quick Test® is available in the following sizes:

1914-2.5S 2.5 oz. Aerosol
