PRINTCLENE

Product Code

PRI 025

Packaging

25 A4 sheets per Bag

DESCRIPTION

Printclene is coated with an ultra-fine composition for removing toner and dirt from the paper path and optics.

TECHNICAL INFORMATION

Specially coated A4 sheets packed in a self-seal gripper bag.

WHERE TO USE

On laser printer and fax machines.

LASER PRINTER: Place the cleaning sheet in the individual "sheet feed" position. Print a blank document. Each sheet can be used up to 5 times. Recommended to be used after each toner change.

FAX MACHINES: Position the cleaning sheet as if it were a document to be copied, select 'copy' and the cleaning sheet will pass over the optic glass removing any dirt. Use when troublesome streaks appear on faxes.

SELLING POINTS

1. Use dry. No cleaners required
2. The clean and safe way for removing toner and dirt from paper paths and optics.
3. Can be re-used up to 5 times.

No Health & Safety Data required
