1000 PLX Series & Graphic Series

storm® 1000 PLX SERIES KEYPADS

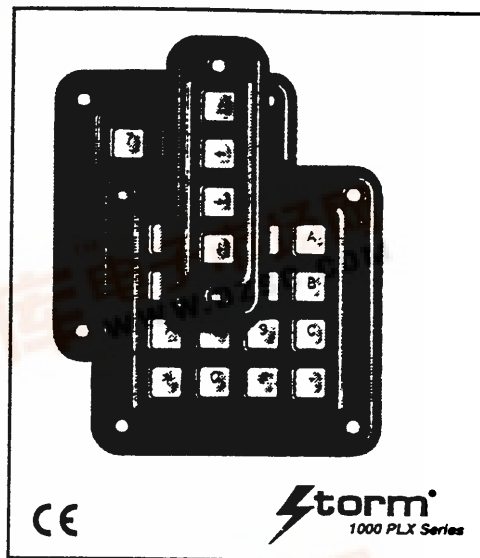

(Reduced weight and cost)

NEW

These high spec keypads are part of the STORM 1000 Series Anti-vandal / industrial keypad range. Ideal for use in applications where toughness, resistance to water / dust, and low weight is required. Similar to the STORM 1000 Series in design, PLX keypads are cased in a revolutionary super high impact polymer, for resistance to abuse and attack. The High Impact Polymer case replaces the cast metal case, reducing cost and weight. Cast metal keytops are retained to provide keytop graphics with unsurpassable toughness and wear resistance.

Part No.	Array	Description	One Piece Price
PLX04220	1x4	4 key (F1-F4)	\$47.79
PLX12020	3x4	12 key (calc.)	\$56.55
PLX16020	4x4	16 key (calc.)	\$69.05
PLX04120	1x4	4 key (arrows)	\$47.79
PLX12T20	3x4	12 key (tel)	\$56.55
PLX16T20	4x4	16 key (tel)	\$69.05

- ◆ 4, 12 and 16 key formats
- ◆ Black case, Silver Chrome Keys
- ◆ Telephone and calculator format keytop graphics
- ◆ IP65 Rated against water and dust
- ◆ High level resistance to impact and operator abuse
- ◆ Long and reliable operational life (4 million plus operations per key)
- ◆ Compatible with the Universal Encoder (4000000)
- ◆ Quick and easy to install
- ◆ Top surface or under panel mountable
- ◆ -40°C (dry) to 100°C Operational.

storm® GRAPHIC SERIES KEYPADS

NEW

STORM Graphic Series Keytops feature keytop legends that can be configured or customised, without dismantling the keypad. The unique 'snap on' keytop cover encapsulates a polymer legend tile. The legend tiles can be selected from an extensive library of standard characters or symbols to suit many applications. Alternatively customised keytop graphics can be created using laser printed acetate film or screen printed polymer film. Keytop colours can also be customised by backing the transparent polymer or acetate legend tile with a second coloured tile. The impact resistant keytop cover, once pressed into place, provides a permanent tamper resistant lens, protecting the encapsulated legend from wear, physical damage, water ingress and unauthorised removal.

The introduction of the Graphic Series means that STORM keypads can now be tailored to meet specialised requirements even in low or medium quantities. Available in 4 key, 12 key and 16 key formats these keypads are ideal for use in industrial, commercial, point of sale or public applications.

Keypad housing is black, keytops are transparent to show chosen encapsulated colour. The Graphic Series keytops are also available as individual items and can be used to replace keytops with permanent legends fitted to STORM 1000, 2000 & 3000 Series Keypads.

- ◆ High impact Polymer Casing and Keytops (with configurable keytop graphics)
- ◆ Rain, splash and dust resistant to IP54 rating
- ◆ Gold on Nickel plated FR4 contact PCB
- ◆ Long & reliable operational life (2 million plus cycles per key)
- ◆ Available in 4, 12 and 16 key formats
- ◆ Quick and easy to install
- ◆ Top surface or under panel mountable
- ◆ -10°C (dry) to +75°C operational

Part No.	Array	Description	One Piece Price
GS04020	1x4	4 Key Pad	\$24.80
