

TECHNICAL DATA

PFH & PFHS TYPES

STANDARD MATERIALS - Hardened Steel (PFH type)

Austenitic (18/8) Stainless Steel (PFHS type)

STANDARD FINISHES - Steel Studs -

Zinc Plated and Clear Passivated.

Stainless Steel Studs - self colour.

Other finishes available on quotation.

Thread Sizes	Head Diameter E max	Minimum Sheet Thickness	Minimum distance centre line hole to sheet edge	Recommended Hole Size -0.00 +0.08	Maximum Hole In Mating Component	Maximum Recommended Nut Tightening Torque
