

8-Outlet Power Strip with Surge Protection, 6-ft. Cord, 1650 Joules, 48 in. length

MODEL NUMBER: **SS480806**

Description

Need to power and surge-protect numerous pieces of equipment or appliances in close proximity to one another? Tripp Lite's SS480806 power strip with integral AC surge protection will give you surge-protected outlets where you need them, when you need them. The SS480806 contains a 6-ft. cord and 8 NEMA 5-15R outlets spaced 5.28 inches apart – wide enough to fit transformers or adapters without blocking adjacent outlets. To eliminate the need for a separate surge protector that can clutter up your work area, the SS480806 contains a premium-grade surge suppressor rated at 1650 Joules for absorbing even the most severe, high-energy, AC transient surges and EMI/RFI line noise that can damage computers and other sensitive electronics. Encased in a rugged, all-metal housing, the SS480806 comes with adjustable mounting clips for vertical or horizontal mounting, making it ideal for powering multiple loads in equipment racks, computer rooms, repair shops, workbenches, table tops, labs, test areas, work stations, offices, hobby shops and raceways in a variety of internetworking, telecommunication and audio/video applications. An illuminated, rocker-style power switch with a locking transparent cover prevents accidental turn offs, while a resettable 15-amp circuit breaker guards against circuit overloads. To match the decor of most professional settings, it has an attractive gray housing with black receptacles.

Features

Multi-Outlet 120V Power Distribution and Surge Protection for Locations with Limited Free Space

- 1800W, 120V, 15A, corded, multi-outlet power strip that connects multiple electrical devices in close proximity to a single AC wall socket
- Contains an integral surge protector to eliminate the need for a separate desktop unit that can clutter up your work space
- Saves the time and cost of installing new outlets in un-powered areas
- Ideal for branch circuit power distribution to telecommunications, computers or internetworking equipment in rack enclosures, workbenches, table tops, work stations, offices, factories, repair shops, test stands and engineering labs

8 Widely Spaced Outlets That Fit Transformers or AC Adapters without Blocking Adjacent Outlets

- Features 8 NEMA 5-15R outlets that are compatible with all standard electrical equipment
- Each outlet is spaced 5.28 inches apart (center to center) – wide enough to fit transformers or AC adapters without blocking adjacent outlets, so you can fully utilize the power strip all the time

Highlights

- 8 NEMA 5-15R outlets with 5.28-in. center-to-center spacing – wide enough for transformers without blocking adjacent outlets
- Rated at 1800W, 120V, 15A, featuring a resettable circuit breaker to prevent circuit overloads
- Integral, premium-grade, 1650-Joule surge suppressor to protect sensitive electronics from destructive AC transient surges
- Vertical or horizontal mounting with adjustable mounting clamps
- Rocker-style, illuminated power switch with locking safety cover to prevent accidental turn offs
- Certified to meet UL 1449 3rd Edition and UL 1363 standards

Package Includes

- SS480806 Power Strip/Surge Suppressor
- Set of adjustable mounting clips
- Warranty information
- Instruction manual

Premium-Grade, Surge Suppression to Protect Against Destructive Surges and Line Noise

- Contains a premium-grade surge suppressor rated at 1650 Joules that goes well beyond competing surge protectors, giving you an exceptional level of AC transient surge and EMI/RFI line noise protection for computers and other sensitive electronics

Adjustable Vertical and Horizontal Mounting Options

- A convenient method of optional horizontal or vertical power distribution
- Its 48-in. length and strip-style form factor fits in the most confined spaces unobtrusively
- Easy-to-install with adjustable mounting clamps

Premium Safety Features

- Features an illuminated, rocker-style power switch with a locking, transparent guard to prevent accidental turn offs
- An integral, 15-amp resettable circuit breaker prevents dangerous circuit overloads that can irreversibly damage connected equipment

Rugged, Durable Housing

- A rugged, all-metal housing is durably constructed making it a great solution for industrial applications
- An attractive gray housing with stylish black receptacles match the decor of most professional settings

Specifications

OUTPUT	
Frequency Compatibility	60 Hz
Output Receptacles	(8) 5-15R
Output (Watts)	1800
Circuit Breaker (amps)	15
Outlet Spacing	5.28-in. center-to-center spacing
INPUT	
Nominal Input Voltage(s) Supported	120V AC
Recommended Electrical Service	120V
Input Connection Type	NEMA 5-15P
Input Cord Length (ft.)	6
Input Cord Length (m)	1.83
Voltage Compatibility (VAC)	120
Right-Angle Plug	No
USER INTERFACE, ALERTS & CONTROLS	
Switches	Combination AC circuit breaker and lighted 2-position power switch controls power to all outlets
Locking Switch Cover	Transparent locking switch cover

SURGE / NOISE SUPPRESSION	
AC Suppression Joule Rating	1650
UL1449 Let Through Rating	500V UL verified
DATALINE SURGE SUPPRESSION	
Telephone/DSL Protection	No
Cable (Coax) Protection	No
Network (Ethernet) Protection	No
PHYSICAL	
Unit Dimensions (hwd / in.)	1.25 x 1.62 x 48
Unit Dimensions (hwd / cm)	3.18 x 4.11 x 121.9
Included Mounting Accessories	Set of adjustable mounting clamps
Receptacle Color	Black
Color (AC Line Cord)	Black
Outlets Measurement (Center to Center)	5.28
CERTIFICATIONS	
UL1449 3rd Edition (AC Suppression)	UL1449 3rd EDITION
UL1363 (Power Tap)	UL1363
cUL / CSA (Canada)	cUL
WARRANTY	
Product Warranty Period (Worldwide)	Lifetime limited warranty
