

BUCHANAN® electronic connectors

SERIES 71 Flush-mount Printed Circuit Board Headers (5mm and 10mm for Series 51 Plug-in Connector)

PITCH (center-to-center terminal spacing):
5mm and 10mm

DIMENSIONS

Vertical

Horizontal

Series 51 Optional Polarizing Latch
Catalog Number B51LP1

DESIGN FEATURES

- Flush mount 5mm and 10mm headers
- Mate with Series 51 flush mount connectors (5mm and 10mm)
- Allows for vertical or horizontal mounting of connectors
- Optional longer pins also available
- Header insulator resistant to buckling from fluid solder — UL 94 V-0 rated
- Header color coded "black" to distinguish from 5,08 and 10,16mm "brown" design
- 5mm version available from 2-24 pins — sizes up to 48 pins available on special request
- Gold and silver plated terminals available in addition to standard tin plating

TECHNICAL DATA

ELECTRICAL:

Maximum Current: 15A

Operating Voltage: 300V (5mm), 600V (10mm)

MATERIALS:

Housing

Liquid crystal polymer

Color: Black

Flammability: UL 94 V-0

Pin

Phosphor bronze, tin plated

MECHANICAL:

Pitch (pin spacing): 5mm and 10mm

Recommended PCB Hole Dia.: 1.7mm

ENVIRONMENTAL:

Operating Temperature Range:

-30°C to +120°C Gold and silver contact system

-30°C to +105°C Tin contact system

AGENCY APPROVALS:
