Description:

The NTE970 is an adjustable 3-terminal positive voltage regulator in a TO3 type package capable of supplying in excess of 3 Amps over a 1.2V to 33V output range.

Features:

- Adjustable Output Down to 1.2V
- Guaranteed 3A Output Current
- Line Regulation Typically 0.005%/V
- Load Regulation Typically 0.1%
- Thermal Regulation
- Current Limit Constant with Temperature

Absolute Maximum Ratings:
