

## RITE-ON MARKERS

HellermannTyton's Rite-On markers come with a reusable dispenser made from high impact plastic which is resistant to oils and grease. Available markers include different sizes of self-laminating labels, as well as pre-printed quality control labels with choices of text. The dispenser can be reloaded over and over again, making it a cost-effective and efficient method of labeling. Rite-On markers are packaged to work with point-of-purchase displays.

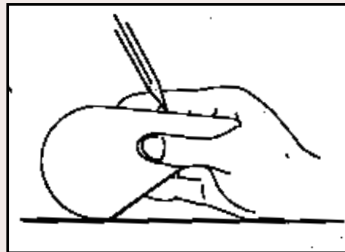

*For use with standard ball point pens.*

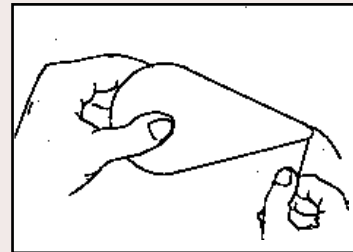

### Features of Rite-On Markers

- A special label window holds label firm for easy marking.

- Can easily be held in the palm of the hand to provide a flat writing surface.

- Label dispenses automatically when the liner is pulled from the front of the unit.

- Excess liner is easily cut off by tearing it over the edge guide at the front of the unit.
- Easy to reload, refills are readily available.
- Once reloaded, unit allows minimal label exposure to dust and moisture.
- Easily and conveniently fits in shirt or pants pocket.

## Self-Laminating Labels

Rite-On marker dispensers are loaded with self-laminating labels. These labels have a clear tail which seals the legend under clear vinyl.

## REFILL ROLLS

### Self-Laminating Labels

HellermannTyton provides refill rolls of self-laminating labels for use in the Rite-On dispensers. Refill rolls reduce the cost of using Rite-On markers, as the plastic dispenser can be reused. In addition to being cost effective, using refill rolls is an environmentally sound way to label, as waste is reduced. Each refill box is marked with the size and part number for easy reference and can be used with point-of-purchase displays.
