Markers for voltage, phases, earthing and isolation

Our comprehensive range of self-adhesive labels for uniformly marking voltage, phases, earthing and isolation comply fully with the rules laid down by "The electricity at Work Regulations 1989"
The markers are made from a laminated 'B-500' cloth, which is resistant to heat, dust and oil, while the rubber-based adhesive guarantees maximum adhesive strength.
The markers are available in black on yellow and black on orange, each as a standard pack of 25 cards.

Type	*Size of card*	*Labels / card*
A :	57 x 228	1
B :	28 x 114	4
C :	13 x 57	18
D :	13 x 28	36
