

TWEEZERS

[查询"1PK-106T"供应商](#)

A range of high quality stainless steel tweezers, designed to meet the requirements of the electronics and precision engineering industries.

Material: Anti-Magnetic, Anti-Acid steel

1PK-102T	Super fine tip straight (110mm)
----------	--

No.5	• Non-magnetic
------	----------------

1PK-104T	Fine tip curved (110mm)
----------	--------------------------------

No.7	• Non-magnetic
------	----------------

1PK-105T	Fine tip straight (140mm)
----------	----------------------------------

No.S.S	• Non-magnetic
--------	----------------

1PK-112T	Extremely fine and sharp Tip (120mm)
----------	---

No.AA	• Non-magnetic
-------	----------------

1PK-125T	Fine tip straight (120mm)
----------	----------------------------------

No.00	• Non-magnetic
-------	----------------

1PK-101T	Anti-static (110mm)
----------	----------------------------

	• Non-magnetic
--	----------------

1PK-110T	Cutting tweezer (115mm)
----------	--------------------------------

	• Non-magnetic
--	----------------

1PK-115T	Long nose tweezer (200mm)
----------	----------------------------------

	• Non-magnetic
--	----------------

1PK-106T	Univerasl tweezer (140mm)
----------	----------------------------------

No.67	• Magnetic
-------	------------

1PK-108T	Reverse action tweezer (self-gripping) (160mm)
----------	---

No.60	• Magnetic
-------	------------

1PK-117T	Cross-Leg Soldering tweezer (160mm)
----------	--

	• Non-magnetic • With fiber handle
--	---------------------------------------

1PK-118T	Heavy duty tweezer (160mm)
----------	-----------------------------------

	• Non-magnetic • With fiber handle
--	---------------------------------------
