

DYMO electronic labelmakers

- Simple to use for fast, effective labelling and signage, with a wide range of functions and features for every application, from hand-held solutions to complete labelling systems.
- Ideal for labelling hanging files, drawers, boxes, warehouse racking, cables, trays, binders, for personalised presenters, literature and handouts.
- Produce clean, durable, self-adhesive labels in seconds in varying widths.
- Most DYMO Electronic tapes now have a split backing for no fiddle, easy peel separation.
