

BNC Connectors

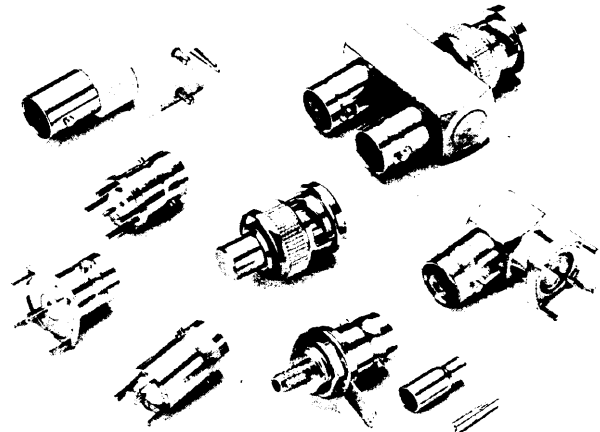

Product Facts

- Various connectors available in 50 and 75 ohm versions
- Fully intermateable with comparable BNC UG/U connectors
- Low VSWR
- Bayonet lock coupling for quick connect/disconnect
- Tarnish resistant Nickel finish available.
- Full range of Hex Crimp for common coaxial cables
- Twist-on connectors require no special tooling for application to the cable

The Greenpar BNC RF connector family with bayonet locking coupling provides highly reliable, quick connect / disconnect coaxial connections.

Available in both 50 and 75 ohm versions, these connectors feature numerous styles including cable plugs and jacks, adaptors and printed circuit board connectors. In addition to a variety of crimp type terminations, connectors are furnished in solder clamp and twist-on styles.

These connectors accept a wide range of coaxial cables and are intermateable with industry standard connectors designed to MIL-C-39012, IEC and CECC specifications.
